DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 5, and 27-34 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With regard to claims 1, 2, 4, and 5, the admitted prior art discloses a "typical conditional jump" which is determined by evaluating a distinguishing value (V) against a reference value (TH Figure 1 line 3) where the reference value is bounded by an upper and lower limit (Figure 1 line 1) directing a program to one of two branches (Figure 1 lines 3-6) computing a address derived from said distinguishing value and a random number (each step in the for loop computes a new V based on the original V and TH, Figure 1 lines 2-3). The admitted prior art does not disclose having a random number of instructions executed. It would not have been obvious for one of ordinary skill in the art to add this limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacob Lipman whose telephone number is 571-272-3837. The examiner can normally be reached on M-Th 7 AM-3 PM.
